

Chandan Kumar

Data Analyst | Python, Power BI, SQL

✉ chandankumar122c@gmail.com | ☎ [9065271001](tel:9065271001) | 📍 Madhubani, Bihar

🔗 <https://ck122c.github.io/Portfolio/> | 💼 <https://www.linkedin.com/in/chandankumar122c>

Skills

Hard Skills: Python, Data Mapping, Data-Driven Decision Making, Excel (Advanced), Data Visualization Tools, Data Cleaning, MySQL, Power BI, Tableau, EDA

Soft Skills: Time Management, Leadership, Teamwork, Presentations, Team Collaboration

Work Experience

Data Analyst - NullClass Dec 2024 - Aug 2025

Python, Data Mapping, Excel (Advanced), Data Visualization Tools, Data Cleaning, ETL (Extract, Transform, Load), Power BI

- Developed a Power BI Twitter Analytics Dashboard, improving social media insights
- Prepared data with Python and SQL for accurate analysis and reporting
- Gained exposure to API data collection, cleaning, transformation, and dashboard creation

Technical Projects

Uber Data Analysis 2026

Data Mapping, Excel (Advanced), Data Visualization Tools, Data Cleaning, KPI Analysis, Data Modeling, MySQL, Power BI

🔗 [GitHub Repository](#) | 📺 [Live Demo](#)

- Cleaned and prepared data with Excel and SQL to ensure accurate analysis.
- Developed DAX measures to monitor key metrics like rides, revenue, and distance.
- Provided insights on trends and vehicle performance to support informed decisions.

Ecommerce Sales Dashboard 2023

Excel (Advanced), Data Visualization Tools, Data Cleaning, ETL (Extract, Transform, Load), Power BI

🔗 [GitHub Repository](#) | 📺 [Live Demo](#)

- The dashboard visualizes sales trends, aiding better understanding of business performance.
- It structures data for reliable, scalable analysis to support decision-making.
- Power BI and Excel were used to develop clear, informative reports.

Problem Solving & Data Structures

Problem solving is essential for a Data Analyst, converting business challenges into insights through effective use of data structures such as lists, arrays, dictionaries, and sets in Python, as well as structured data in SQL and Power BI. These tools enhance data organization, improve performance, and support accurate analysis, enabling scalable and reliable solutions that drive informed decision-making.

Education

SAGE University MCA (2025 - 2027)	
Maharaja Agrasen Himalayan Garhwal University BCA (2024)	Percentage: 65.7
DNB Collage Class XII (2021)	Percentage: 54
The Light Foundation Computer Academy DCA (2021)	Percentage: 80
JCKL High School Class X (2019)	Percentage: 57

Certifications

- [Data Science Associate Program](#) - Indian Council for Technical Research and Development (November 2025 - January 2026)
Skills learned: Python, Data Mapping, Supervised Learning, Unsupervised Learning, Data-Driven Decision Making, Data Visualization Tools, Data Cleaning, Data Modeling
- [Power BI](#) - SKILL COURSE (February 2025 - June 2025)
Skills learned: Dashboard Design, ETL (Extract, Transform, Load), Power BI
- [Data Analysis with AI](#) - SKILL COURSE (July 2024 - December 2024)
Skills learned: Python, Data Visualization Tools, Data Cleaning, MySQL, Power BI, Tableau, EDA

Achievements

- Received Appreciation Certificate from Superintendent of Police, Khargone for active and commendable participation in Republic Day Parade 2023.
